

## New McCormick Romance Crops Out; Mother Plays Leading Role

Report Says That She Will Wed Her Swiss Architect.

Children Angry at Father for Marrying Ganna.

MRS. EDITH ROCKEFELLER MCCORMICK.

By the Associated Press.  
CHICAGO, August 12.—With Harold F. McCormick married to Mme. Ganna Walska and en route to Switzerland on his honeymoon and with Miss Mathilde McCormick, his seventeen-year-old daughter already in Switzerland where, it is reported, she will shortly marry Max Oser, elderly proprietor of a riding academy, Chicago turned today to rumors of another budding romance in the McCormick family.

Rumors which have been current for months that Mrs. Edith Rockefeller McCormick, divorced wife of the former president of the International Harvester Company, and herself the daughter of John D. Rockefeller, sr., will marry Edward Krenn, twenty-eight-year-old Swiss architect and landscape gardener, have been revived as a result of the McCormick-Walska nuptials in Paris.

While society circles have gossiped over the reported romance of the old king's daughter and the young Swiss architect and the newspapers have been filled with rumors, Mrs. McCormick herself has declined to be interviewed.

**Opposed Father's Marriage.**  
"Mrs. McCormick," the secretary told an Associated Press reporter today, "will have nothing to say for the present."

Mr. Krenn came to America with Mrs. McCormick's party last fall when she returned from eight years' residence in Switzerland. Since then he has occupied himself with remodeling her Lake Forest country home, which she purchased from Mr. McCormick at the time she obtained the divorce last December, and with plans for the forest preserve zoo which she is presenting Cook county.

Friends of the family are waiting to see the reaction of Miss Mathilde McCormick, eldest daughter of the former harvester head, to her father's second marriage. When reporters broke the news to her she exclaimed, "Oh, Lord!" Later she made no effort to conceal her antipathy. Like her younger sister, Mathilde, and her brother, Fowler, she chose to live

**MORE STEEL MILLS RUN IN YOUNGSTOWN DISTRICT**

Increase in Next Week's Operations Is Surprise—Output of Iron Decreases.

By the Associated Press.

YOUNGSTOWN, Ohio, August 12.—Independent steel mills of the Youngstown district today unexpectedly announced a substantial increase in operation for next week, although up to the fast twenty-four hours a decrease had been expected. Steel making capacity will be increased with the Bessemer plant of the Youngstown Sheet and Tube Company at Farrell, Pa., also will be shut down, leaving nine out of twenty-seven stacks operating in the Mahoning valley, and thirteen out of forty-seven in the whole district, of which nine are operated by the United States Corporation. Since the fuel crisis became acute the iron production of the district has been cut in half, fifteen furnaces being banked while thirteen remain in operation.
